

Work Out What the Question Asks

Return to Sharing the Score

Read Sharing the Score in your lesson pages. The question is: Why did Ari start holding up score cards?

- Find who the question is about.
- Find the action it asks you to explain.
- “Why” asks for a reason. Look for the problem or reason connected to that action.

Write the question in your own words. Then answer it with a relevant detail and explain the connection.
